

Watermelon

Version 11.0

Updated: January 22, 2025

Printed on: January 22, 2025

SECTION 1: Identification of the substance/mixture and of the company

1.1 Product identifier

Trade name	Watermelon
Product number	10000031
UFI	TS00-G0YU-J00C-SUCU

1.2 Relevant identified uses of the substance or mixture and uses advised against

Intended use	Fragrance composition
--------------	-----------------------

1.3 Details of the supplier of the safety data sheet

Company	TOP WOSK PACIOREK I WAŻ SPÓŁKA JAWNA
Address	Marszałkowska 58/15, 00-545 Warsaw
Phone	+48 534 541 490
E-mail	sklep@topwosk.pl

1.4 Emergency phone number

112 (emergency number), 998 (fire department), 999 (ambulance)

SECTION 2: Hazard identification

2.1 Classification of the substance or mixture (REGULATION (EC) No. 1272/2008)

(EUH208) May cause an allergic reaction.

This mixture does not present any physical hazards. Compare the recommendations for other products present in the room.

This mixture does not pose a risk to the environment. Under normal conditions of use, no effects on the environment are known or expected.

2.2 Label elements

Labeling (REGULATION (EC) No. 1272/2008)

Hazard pictograms	-
Signal word	-
Hazard statements	-
Precautionary statements	-

Watermelon

VersionUpdated: January 22, 2025Printed on: January 22, 2025

Hazardous ingredients must be listed on the label:

EUH208 Contains 2,6-DIMETHYL-5-HEPTENAL.
May cause an allergic reaction.
EUH210 Safety data sheet available on request.

2.3 Other hazards

This substance/mixture does not contain any ingredients considered to be persistent, bioaccumulative bioaccumulation and toxic, or very persistent and very bioaccumulative (vPvB) at a level of 0.1% or above.

Ecological information: This substance/mixture does not contain any components considered endocrine disrupting properties according to Article 57(f) of REACH Commission Regulation (EU) 2018/605 or Commission Delegated Regulation (EU) 2017/2100 at levels of 0.1% or above.

Toxicological information: This substance/mixture does not contain ingredients considered to have endocrine disrupting properties according to Article 57(f) of REACH Commission Regulation (EU) 2018/605 or Commission Delegated Regulation (EU) 2017/2100 at levels of 0.1% or higher.

SECTION 3: Ingredients/information on ingredients

3.2 Mixtures

Hazardous ingredients

Chemical Name	CAS No. EC No. Registration number	Classification (REGULATION (EC) No. 1272/2008)	Concentration [Percentage by weight]

The full text of the H statements mentioned in this section can be found in section 16.

SECTION 4: First aid measures

In general, if in doubt or if symptoms persist, always call a doctor. NEVER induce vomiting in an unconscious person.

4.1 Description of first aid measures

In case of inhalation exposure	If you experience symptoms of an allergic reaction, seek a doctor's advice.
In case of eye contamination	Hold the eyelids open and rinse thoroughly with soft, clean water for 15 minutes.
In case of skin contamination	If symptoms of an allergic reaction occur, seek a doctor's advice.
If swallowed	If swallowed, if the amount is small (no more than one sip), rinse your mouth with water and consult a doctor. Ensure rest. Do not induce vomiting. Seek medical advice - show the label. In case of accidental ingestion, contact a doctor to assess the need for monitoring and further symptomatic treatment in hospital conditions. Show label.

4.2 Most important acute and delayed symptoms and effects of exposure

No data available.

4.3 Indications for any immediate medical attention and special treatment of the victim

No data available.

Watermelon

Version

Updated: January 22, 2025

Printed on: January 22, 2025

SECTION 5: Firefighting measures

5.1 Firefighting media

Suitable extinguishing media	water spray or water mist
Unsuitable extinguishing media	water jet

5.2 Special hazards arising from the substance or mixture

Fire often produces dense, black smoke. Exposure to decomposition products may be hazardous to health. - Do not breathe smoke.

The following combustion products may be formed:

- carbon monoxide (CO)
- carbon dioxide (CO₂)

5.2 Information for the fire department

No data available.

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment, and emergency procedures

Personal precautions, protective equipment, and emergency procedures Refer to the safety measures listed in sections 7 and 8.

For emergency responders

Intervening personnel must be equipped with appropriate personal protective equipment (see section 8).

6.2 Environmental precautions

Contain and collect spilled or leaked material using non-flammable absorbent material such as sand, earth, vermiculite, soil

diatomaceous earth, in barrels for disposal.

Prevent material from entering sewage systems or waterways.

6.3 Methods and materials for preventing the spread of contamination and for removing contamination

Cleaning with detergents is recommended; do not use solvents.

6.4 References to other sections

No data available.

Watermelon

Version

Updated: January 22, 2025

SECTION 7: Handling and storage of substances and mixtures

The recommendations for storage rooms also apply to workshops where the mixture is used.

7.1 Precautions for safe handling

Precautions	Wash hands after each use. Remove contaminated clothing and wash it before reuse. Ensure adequate ventilation, especially in enclosed spaces. rooms.
Fire prevention	Use in well-ventilated areas. Keep away from unauthorized personnel.
Recommended equipment and procedures	Personal protective equipment - see section 8. Follow the precautions on the label and industrial safety regulations. Open containers should be carefully closed and store in an upright position.
Prohibited equipment and procedures :	In rooms where the mixture is used, Smoking, eating, or drinking is not permitted.

7.2 Conditions for safe storage, including any incompatibilities

Storage	Keep container tightly closed in a dry, well-ventilated place. The floor must be impermeable and form a collection basin so that in the event of accidental spillage, the liquid be able to escape beyond this area.
Packaging	Always store in packaging made of the same the same material as the original.

7.3 Specific end use(s)

No data available.

8.2 Exposure control

Personal protective equipment, such as personal protective equipment:

Pictogram(s) indicating the obligation to use personal protective equipment (PPE):

Personal protective equipment must be clean and in good condition. Store personal protective equipment in a clean place, away from the work area.

Do not eat, drink, or smoke while using PPE. Remove contaminated clothing and wash it before reuse. Ensure adequate ventilation, especially in enclosed spaces.

8.2.2 Personal protective equipment

Eye/face protection

Avoid contamination of the eyes.
Use eye protection designed to protect against liquid splashes.
Before each use, wear safety glasses that comply with ISO 16321.

Hand protection

Wear suitable protective gloves in case of prolonged or repeated skin contact.
Use suitable chemical-resistant gloves that comply with EN ISO 374-1.
The choice of gloves depends on the application and the length of use at the workplace.
Protective gloves should be selected according to the workstation, taking into account: other chemicals that may be used,
necessary protection against physical hazards (cuts, punctures, thermal protection), required ease of handling.
Recommended glove type:
- PVA (polyvinyl alcohol)
- Butyl rubber (isobutylene/isoprene copolymer)

Body protection

Personnel must wear work clothes that are washed regularly.
After contact with the product, wash all contaminated parts of the body.

SECTION G: Physical and chemical properties**G.1 Information on basic physical and chemical properties**

Physical state	non-sticky liquid
Form	non-sticky liquid
Color	Undefined
Taste	No data available
Smell	No data available
Odor threshold	Not specified
Flash point	95.00 °C
Lower explosion limit	Not specified
Upper explosion limit	Not specified
Flammability	not specified
Particle size	The mixture does not contain nanomaterials
Oxidizing properties	No data available
Auto-ignition temperature	Not applicable
Decomposition temperature	Not applicable
pH	not applicable
Vapor pressure	not specified
Density	< 1
Bulk density	No data available
Water solubility	insoluble
Solubility/solidification	undetermined
Partition coefficient: n-octanol/water	undetermined
Kinematic viscosity	$\nu < 7 \text{ mm}^2/\text{s}$ (40°C)
Relative vapour density	No data available
Evaporation rate	No data available
Explosive properties	No data available

G.2 Other information**SECTION 10: Stability and reactivity****10.1 Reactivity**

No data available.

Watermelon

Version

Updated: January 22, 2025

Printed on: January 22, 2025

10.2 Chemical stability

This mixture is stable under the storage and handling conditions recommended in Section 7.

10.3 Possibility of hazardous reactions

When exposed to high temperatures, the mixture may release hazardous decomposition products such as carbon monoxide and carbon dioxide, fumes, and nitrogen oxide.

10.4 Conditions to avoid

No data available.

10.5 Incompatible materials

No data available.

10.6 Hazardous decomposition products

The following products may be released/formed as a result of thermal decomposition:

- carbon monoxide (CO)
- carbon dioxide (CO₂)

SECTION 11: Toxicological information

11.1 Information on hazard classes defined in Regulation (EC) No. 1272/2008

Exposure to solvent vapors contained in the mixture above the indicated exposure limits may cause adverse health effects such as irritation of the mucous membranes and respiratory system, damage to the kidneys, liver, and central nervous system. Symptoms include headaches, numbness, dizziness, fatigue, and, in extreme cases, loss of consciousness.

Prolonged or repeated contact with the mixture may remove the natural lipid layer from the skin and cause non-allergic contact dermatitis and absorption through the epidermis.

Splashes in the eyes may cause irritation and reversible damage.

No toxicological information is available on these substances.

11.2 Information on other hazards

Sensitizing effect on the respiratory tract or skin:

Watermelon

Version

Updated: January 22, 2025

Printed on: January 22, 2025

Contains at least one allergenic substance. May cause an allergic reaction.
allergic reaction.

Endocrine disrupting properties

Assessment

The mixture does not contain any substances assessed as endocrine disruptors and causing adverse health effects.

Carcinogenicity

CIRC (International Agency for Research on Cancer) monograph(s):

CAS 103-23-1: IARC Group 3: Substances that cannot be classified as carcinogenic to humans.

SECTION 12: Ecological information

12.1 Toxicity

No information on aquatic toxicity is available for this mixture.

12.2 Persistence and degradability

No data available.

12.3 Bioaccumulative potential

No data available.

12.4 Mobility in soil

No data available.

12.5 Results of PBT and vPvB assessment

No data available.

12.6 Endocrine disrupting properties

Product:

Assessment

The mixture does not contain any substances assessed as endocrine disruptors and causing adverse effects on

Watermelon		
Version	Updated: January 22, 2025	Printed on: January 22, 2025

environment.

12.7 Other harmful effects

No data available.

SECTION 13: Disposal considerations

Proper management of mixed waste and/or containers should be determined in accordance with the provisions of Directive 2008/98/EC.

13.1 Waste disposal methods

Do not discharge into drains or waterways.

Product	Empty the container completely. Keep the label(s) on container. Hand over to a licensed waste disposal company waste disposal.
Contaminated packaging	Waste management should be carried out without posing a threat to human health and without posing a threat to the environment, particularly to water, air, soil, fauna, and flora. Recycle or dispose of in accordance with applicable regulations by a licensed waste treatment company waste. Do not contaminate soil or water with waste, do not dispose of it in the environment.

SECTION 14: Transport information

Exempt from transport classification and labeling.

14.1 UN number

-

14.2 Proper shipping name UN

-

14.3 Transport hazard class(es)

-

Watermelon

14.4 Packaging group

-

14.5 Environmental hazards

-

14.6 Special precautions for users

IMDG

-

14.7 Sea transport in bulk in accordance with IMO instruments

-

SECTION 15: Regulatory information

15.1 Safety, health, and environmental regulations specific to the substance or mixture

Safety, health, and environmental regulations specific to for substances or mixtures:

- Regulation (EC) No. 1907/2006 of the European Parliament and of the Council of December 18, 2006 on the Registration, Evaluation, Authorization, and Restriction of Chemicals (REACH) and establishing a European Chemicals Agency, amending

and restrictions (REACH) and establishing a European Chemicals Agency, amending

Directive 1999/45/EC and repealing Council Regulation (EEC) No 793/93 and Commission Regulation (EC) No 1488/94 as well as

Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC, as amended.

- Regulation (EC) No. 1272/2008 of the European Parliament and of the Council of December 16, 2008 on classification, labeling, and

packaging of substances and mixtures, amending and repealing Directives 67/548/EEC and 1999/45/EC and amending Regulation (EC) No

1907/2006, as amended

- Directive 2008/98/EC of the European Parliament and of the Council of November 19, 2008, on on waste and repealing certain

directives.

The mixture does not contain any substances subject to restrictions in accordance with Annex XVII to Regulation (EC) No. 1907/2006

(REACH): <https://echa.europa.eu/substances-restricted-under-reach>.

Explosive precursors:

The mixture does not contain any substances subject to Regulation (EU) 2019/1148 on the marketing and use of
of explosives precursors.

Special provisions:

No data available.

15.2 Chemical safety assessment

No data available.

SECTION 16: Other information

As we are not familiar with the user's working conditions, the information provided in this product safety data sheet is based on our

current knowledge and national and European Community regulations.

The mixture should not be used for purposes other than those specified in Section 1 without first getting written instructions

regarding its handling.

The user is always responsible for taking the necessary measures to comply with legal requirements.

The information provided in this safety data sheet should be considered as a description of the safety requirements associated with this

mixture and not as a guarantee of its properties.

Full text of H statements:

H226	Flammable liquid and vapor.
H317	May cause an allergic skin reaction.
H336	May cause drowsiness or dizziness.
EUH066	Repeated exposure may cause skin dryness or cracking. cracking of the skin.
